

The Art of Go

An International Children's Art Contest

2012

In ancient Asian cultures a scholar was expected to learn the **Four Great Accomplishments: music, calligraphy, painting and Go**. Without these, an education was not complete.

The 2nd International Children's Go Art Contest is a cultural and art event organized in partnership by the Mexican Youth Go Community and the American Go Association in honor of the International Go Symposium. The contest features children's artworks where they will be free to express their vision, emotions and ideas about Go through painting. Its purpose is to make Go culture flourish among children, and promote it through a creative exchange.
